RareBooksClub. Paperback. Book Condition: New. Paperback. 84 pages. OCLC Number: 52627132 Excerpt: . . . Executive Summary Americans rely on their drinking water and wastewater utilities to provide Background clean and safe water for a variety of uses and to protect public health and the environment. Regulated under the Safe Drinking Water Act and the Clean Water Act, respectively, community drinking water systems and wastewater collection and treatment facilities are critical elements in the nations infrastructure. Local drinking water and wastewater utilities, supported primarily through user charges, have invested billions of dollars over the past century in the facilities that supply the nations drinking water and treat its wastewater. In many instances, local communities have received financial assistance from federal and state programs. However, even with maintenance and repair activities, infrastructure deteriorates over time and eventually needs replacement and the estimated needs for upgrading existing facilities and building new ones are very large, up to 1 trillion. In response to growing concerns about the condition of the existing water infrastructure and calls for increased financial assistance, the Congress is considering a number of infrastructure-related proposals. At the local level, community leaders are faced with increasing demands for funding all types...
