AQA GCSE PHYSICS 9-1 FOUNDATION SUPPORT WORKBOOK (PAPERBACK)

HarperCollins Publishers, United Kingdom, 2016. Paperback. Book Condition: New. 265 x 192 mm. Language: N/A. Brand New Book. This Foundation Support Workbook will support and motivate students working in the grade range 1-4 by focusing on the use of key scientific vocabulary, how to build an answer by linking key words or concepts and how to work with calculations and graphs in science. This Foundation Support Workbook will support and motivate students working in the grade range 1-4 by focusing on the use of key scientific vocabulary, how to build an answer by linking key words or concepts and how to work with calculations and graphs in science. * Summarises what needs to be learned (all the Foundation content for each topic) * Provides plenty of practice questions * Builds confidence by showing how to answer questions or work through calculations, such as by having part of the answer filled in Each topic opens with a bulleted summary of the key ideas, reminding students of the key scientific vocabulary and equations they should be able to recall. The questions begin with confidence-building, low demand questions (multiple choice, matching, sentence completion or closed short answer) leading to more open questions including calculations as part of structured questions. The questions include applying and analysing as well as recall, for example bringing in skills used in analysing results from practical work. Frequent support notes provide hints and tips on key vocabulary, how to answer open response questions (for example by writing causal explanations), strategies for decoding questions (for example by identifying key words in the question) and how to interpret information from tables and graphs. Show me writing frames demonstrate how to build longer answers, how to work with equations in science and how to convert units. In later pages the level of...
