In ancient times, only the wisest were trusted with medical knowledge, for it bears power over life and death. The remedies and methods of those seers may have been abandoned by modern civilization, but they have been preserved, and retain their power. Throughout all of our most sacred traditions, it is known that Nature is the source for all genuine medicine. The teachings of Paracelsus, Galen, Tibetan tantras, and others all agree that a properly prepared individual can use Nature to cure any illness. Samael Aun Weor, founder of the International Gnostic Movement and author of more than sixty books, lived for many years in close contact with the mysterious natives of the Sierra Nevada of South America. He and his wife Litelantes compiled and verified the knowledge they had been given by the priests and doctors of that region, resulting in this book Esoteric Medicine and Practical Magic. This practical manual gives hundreds of techniques and practices to awaken consciousness, perform healing for oneself and others, and return to the core medical knowledge of the ages. This work features treatments for an incredible variety of illnesses and conditions, such as cancer, asthma, the common cold, and leprosy. This item ships from multiple locations.
