## Assessing Performance Measurement in Young Adult Ministry

By Padraig Swan

LAP Lambert Academic Publishing Apr 2016, 2016.

Taschenbuch. Book Condition: Neu. 220x150x6 mm. Neuware -

Performance measurement of Faith Based Organisations

(FBOs) has always been a contentious issue. Some say it is not

possible to measure faith as it is the work of God. Others say

that all things are measurable, even the work of FBOs. This

book is the outcome of a research study which examines both

viewpoints. It examines one dimension of FBOs - Young Adult

Ministry (YAM), and it answers the question 'what are the

barriers to measuring the impact of YAM and (how) can they

be overcome' The research draws an important distinction

between FBOs that are faith intended and ones that are faith

inspired, i.e. the former has a mission to promote faith, while

the latter draws the inspiration for its activities from faith. Both

are still classified as FBOs. The research concludes that there

are barriers to measuring FBOs, but the barriers can be

overcome. The research suggests some practical tools to

achieve this. 108 pp. Englisch.
