

Isles of Refuge: Wildlife and History of the Northwestern Hawaiian Islands

By Rauzon, Mark J.

Hawaii. 1 Paperback(s), 2001. soft. Book Condition: New. With the author's own color photos, paintings, and drawings, as well as archival photos, field biologist Mark Rauzon tours the northwestern Hawaiian Islands, a string of rocks, atolls, and small sandy islands, stretching more than 1,000 miles from the eight main islands of Hawaii. Rauzon shares his extensive firsthand knowledge of the archipelago's natural history and inhabitants including rare palms, sharks, turtles, seals, finches, terns, petrels, boobies, ducks, and albatrosses while his engaging and personal narrative also describes his own island-hopping adventures and the small yet vital role in human history played by these island-atolls. "While Rauzon, a biologist, packs the book with lots of scholarly information, his lyrical writing style, keen observation and adept story-telling will capture readers. His clear photography and beautiful illustrations are a bonus. At times the book reads like outdoor adventure, with whimsical details that bring the stories to life. [Rauzon] layers straight history with legends, diaries with documents, old discoveries with new, blending it all in a deft package." Honolulu Star-Bulletin 206.

Reviews

This publication will be worth purchasing. It typically is not going to cost a lot of. Its been designed in an exceptionally straightforward way and it is just following i finished reading through this pdf through which actually changed me, change the way i believe.

-- **Irving Roob**

The most effective ebook i possibly read. it was actually writtern quite completely and useful. I am just very happy to tell you that here is the best publication we have read through during my individual daily life and could be he greatest publication for possibly.
