Chartwell Books, United States, 2016. Hardback. Book Condition: New. 201 x 165 mm. Language: English . Brand New Book. Don t underestimate the power of scales. Without knowledge of scales the wannabe guitarist could be equated to the hapless builder, attempting to construct a house with zero knowledge of bricklaying; the odds are the end result will be a pile of rubble! Without a solid, practical knowledge of scales, creating music can only be an extremely frustrating experience with no guarantee of achieving useable results. Creating melodies, chord progressions, or even improvising can only be a hit or miss affair, based on luck and chance. That s why professional musicians practice them daily. So why do you need to buy this book? Why can t you just search guitar scales online for free? Because this book has been written by a guitarist with 40 years of playing and 35 years of industry experience; with 25 years of teaching experience in both schools and colleges; with 14 bestselling tuition books published worldwide to date; and with 15 years of experience writing tutorials for two of the world s most premier guitar magazines.
